

# Bronchoscopy Post-Procedure [1028]

## General

## Nursing

### Vital Signs

<input type="checkbox"/> Vital signs - T/P/R/BP	Routine, Every 15 min Moderate sedation protocol monitoring, Post-op
---	---

### Notify

<input type="checkbox"/> Notify Physician if O2 Sat less than 90%	Routine, Until discontinued, Starting S, Post-op
---	--

### Nursing

<input type="checkbox"/> Do not discharge patient until Chest X-ray has been reviewed by MD	Routine, Until discontinued, Starting S, Post-op
---	--

### Diet

<input type="checkbox"/> NPO	Diet effective now, Starting S NPO: Pre-Operative fasting options: post-bronchoscopy for 2 hours., Post-op
<input type="checkbox"/> Diet - Clear liquids advanced to Regular	Diet effective now, Starting S Diet(s): Clear Liquids Advance Diet as Tolerated? Yes Target Diet: Regular Advance target diet criteria: When tolerating clear liquids, advance to regular diet as tolerated. Liquid Consistency: Fluid Restriction: Foods to Avoid: Two (2) hours after bronchoscopy, start clear liquids., Post-op
<input type="checkbox"/> Diet	Diet effective now, Starting S Diet(s): Other Options: Advance Diet as Tolerated? Liquid Consistency: Fluid Restriction: Foods to Avoid: Post-op

## IV Fluids

## Medications

### Respiratory Medications

<input type="checkbox"/> albuterol (PROVENTIL) nebulizer solution	2.5 mg, nebulization, Respiratory Therapy - every 4 hours, Post-op Aerosol Delivery Device:
<input type="checkbox"/> ipratropium (ATROVENT) 0.02 % nebulizer solution	0.5 mg, nebulization, Respiratory Therapy - every 6 hours, Post-op Aerosol Delivery Device:

## VTE

## Labs

### Labs - Washings of RUL

<input type="checkbox"/> AFB culture	Once, Bronchial washing, RUL (right upper lobe), Post-op
<input type="checkbox"/> Fungus culture	Once, Bronchial washing, RUL (right upper lobe), Post-op
<input type="checkbox"/> Nocardia culture	Once, Bronchial washing, RUL (right upper lobe), Post-op

<input type="checkbox"/>	Legionella culture	Once, Bronchial washing, RUL (right upper lobe), Post-op
<input type="checkbox"/>	Respiratory pathogen panel	Once, Bronchial washing, RUL (right upper lobe) Chlamydia and Mycoplasma pneumoniae by PCR, Post-op
<input type="checkbox"/>	Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/>	Cytology (non-gynecological) request - R/O CMV & PCP w/GMS	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/>	Herpes simplex virus by PCR	Once Specimen Source: Bronch Wash RUL (right upper lobe), Post-op
<input type="checkbox"/>	Varicella zoster by PCR	Once Specimen Source: Bronch Wash RUL (right upper lobe), Post-op
<input type="checkbox"/>	Cytomegalovirus by PCR	Once Specimen Source: Bronch Wash RUL (right upper lobe), Post-op
<input type="checkbox"/>	Aerobic culture	Once, Bronchial washing, RUL (right upper lobe), Post-op

#### Labs - Washings of RML

<input type="checkbox"/>	AFB culture	Once, Bronchial washing, RML (right middle lobe), Post-op
<input type="checkbox"/>	Fungus culture	Once, Bronchial washing, RML (right middle lobe), Post-op
<input type="checkbox"/>	Nocardia culture	Once, Bronchial washing, RML (right middle lobe), Post-op
<input type="checkbox"/>	Legionella culture	Once, Bronchial washing, RML (right middle lobe), Post-op
<input type="checkbox"/>	Respiratory pathogen panel	Once, Bronchial washing, RML (right middle lobe) Chlamydia and Mycoplasma pneumoniae by PCR, Post-op
<input type="checkbox"/>	Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/>	Cytology (non-gynecological) request - R/O CMV & PCP w/GMS	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/>	Herpes simplex virus by PCR	Once Specimen Source: Bronch Wash RML (right middle lobe), Post-op
<input type="checkbox"/>	Varicella zoster by PCR	Once Specimen Source: Bronch Wash RML (right middle lobe), Post-op
<input type="checkbox"/>	Cytomegalovirus by PCR	Once Specimen Source: Bronch Wash RML (right middle lobe), Post-op
<input type="checkbox"/>	Aerobic culture	Once, Bronchial washing, RML (right middle lobe), Post-op

#### Labs - Washings of RLL

<input type="checkbox"/>	AFB culture	Once, Bronchial washing, RLL (right lower lobe), Post-op
<input type="checkbox"/>	Fungus culture	Once, Bronchial washing, RLL (right lower lobe), Post-op
<input type="checkbox"/>	Nocardia culture	Once, Bronchial washing, RLL (right lower lobe), Post-op
<input type="checkbox"/>	Legionella culture	Once, Bronchial washing, RLL (right lower lobe), Post-op
<input type="checkbox"/>	Respiratory pathogen panel	Once, Bronchial washing, RLL (right lower lobe) Chlamydia and Mycoplasma pneumoniae by PCR, Post-op
<input type="checkbox"/>	Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/>	Cytology (non-gynecological) request - R/O CMV & PCP w/GMS	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/>	Herpes simplex virus by PCR	Once Specimen Source: Bronch Wash RLL (right lower lobe), Post-op

<input type="checkbox"/> Varicella zoster by PCR	Once Specimen Source: Bronch Wash RLL (right lower lobe), Post-op
<input type="checkbox"/> Cytomegalovirus by PCR	Once Specimen Source: Bronch Wash RLL (right lower lobe), Post-op
<input type="checkbox"/> Aerobic culture	Once, Bronchial washing, RLL (right lower lobe), Post-op

#### Labs - Washings of LUL

<input type="checkbox"/> AFB culture	Once, Bronchial washing, LUL (left upper lobe), Post-op
<input type="checkbox"/> Fungus culture	Once, Bronchial washing, LUL (left upper lobe), Post-op
<input type="checkbox"/> Nocardia culture	Once, Bronchial washing, LUL (left upper lobe), Post-op
<input type="checkbox"/> Legionella culture	Once, Bronchial washing, LUL (left upper lobe), Post-op
<input type="checkbox"/> Respiratory pathogen panel	Once, Bronchial washing, LUL (left upper lobe) Chlamydia and Mycoplasma pneumoniae by PCR, Post-op
<input type="checkbox"/> Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Cytology (non-gynecological) request - R/O CMV & PCP w/GMS	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.

<input type="checkbox"/> Herpes simplex virus by PCR	Once Specimen Source: Bronch Wash LUL (left upper lobe)), Post-op
<input type="checkbox"/> Varicella zoster by PCR	Once Specimen Source: Bronch Wash LUL (left upper lobe), Post-op
<input type="checkbox"/> Cytomegalovirus by PCR	Once Specimen Source: Bronch Wash LUL (left upper lobe), Post-op
<input type="checkbox"/> Aerobic culture	Once, Bronchial washing, LUL (left upper lobe), Post-op

#### Labs - Washings of LLL

<input type="checkbox"/> AFB culture	Once, Bronchial washing, LLL (left lower lobe), Post-op
<input type="checkbox"/> Fungus culture	Once, Bronchial washing, LLL (left lower lobe), Post-op
<input type="checkbox"/> Nocardia culture	Once, Bronchial washing, LLL (left lower lobe), Post-op
<input type="checkbox"/> Legionella culture	Once, Bronchial washing, LLL (left lower lobe), Post-op
<input type="checkbox"/> Respiratory pathogen panel	Once, Bronchial washing, LLL (left lower lobe) Chlamydia and Mycoplasma pneumoniae by PCR, Post-op
<input type="checkbox"/> Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Cytology (non-gynecological) request - R/O CMV & PCP w/GMS	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.

<input type="checkbox"/> Herpes simplex virus by PCR	Once Specimen Source: Bronch Wash LLL (left lower lobe), Post-op
<input type="checkbox"/> Varicella zoster by PCR	Once Specimen Source: Bronch Wash LLL (left lower lobe), Post-op
<input type="checkbox"/> Cytomegalovirus by PCR	Once Specimen Source: Bronch Wash LLL (left lower lobe), Post-op
<input type="checkbox"/> Aerobic culture	Once, Bronchial washing, LLL (left lower lobe), Post-op

#### Labs - Washings of Lingula

<input type="checkbox"/> AFB culture	Once, Bronchial washing Lingula, Post-op
<input type="checkbox"/> Fungus culture	Once, Bronchial washing Lingula, Post-op

<input type="checkbox"/> Nocardia culture	Once, Bronchial washing Lingula, Post-op
<input type="checkbox"/> Legionella culture	Once, Bronchial washing Lingula, Post-op
<input type="checkbox"/> Respiratory pathogen panel	Once, Bronchial washing, Lingula Chlamydia and Mycoplasma pneumoniae by PCR, Post-op
<input type="checkbox"/> Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Cytology (non-gynecological) request - R/O CMV & PCP w/GMS	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Herpes simplex virus by PCR	Once Specimen Source: Bronch Wash Lingula, Post-op
<input type="checkbox"/> Varicella zoster by PCR	Once Specimen Source: Bronch Wash Lingula, Post-op
<input type="checkbox"/> Cytomegalovirus by PCR	Once Specimen Source: Bronch Wash Lingula, Post-op
<input type="checkbox"/> Aerobic culture	Once, Bronchial washing, Lingula, Post-op

#### Labs - Lavage of RUL

<input type="checkbox"/> AFB culture	Once, Bronchial alveolar lavage, RUL (right upper lobe), Post-op
<input type="checkbox"/> Fungus culture	Once, Bronchial alveolar lavage, RUL (right upper lobe), Post-op
<input type="checkbox"/> Nocardia culture	Once, Bronchial alveolar lavage, RUL (right upper lobe), Post-op
<input type="checkbox"/> Legionella culture	Once, Bronchial alveolar lavage, RUL (right upper lobe), Post-op
<input type="checkbox"/> Respiratory pathogen panel	Once, Bronchial alveolar lavage, RUL (right upper lobe) Chlamydia, Post-op
<input type="checkbox"/> Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Cytology (non-gynecological) request - R/O CMV & PCP w/GMS	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Herpes simplex virus by PCR	Once Specimen Source: Bronchoalveolar Lavage RUL (right upper lobe), Post-op
<input type="checkbox"/> Varicella zoster by PCR	Once Specimen Source: Bronchoalveolar Lavage RUL (right upper lobe), Post-op
<input type="checkbox"/> BAL cell count and differential	Once Specimen Source: Post-op
<input type="checkbox"/> Cytomegalovirus by PCR	Once Specimen Source: Bronchoalveolar Lavage RUL (right upper lobe), Post-op
<input type="checkbox"/> Aerobic culture	Once, Bronchial alveolar lavage, RUL (right upper lobe), Post-op
<input type="checkbox"/> BAL T4T8	Once, Post-op

#### Labs - Lavage of RML

<input type="checkbox"/> AFB culture	Once, Bronchial alveolar lavage, RML (right middle lobe), Post-op
<input type="checkbox"/> Fungus culture	Once, Bronchial alveolar lavage, RML (right middle lobe), Post-op

<input type="checkbox"/> Nocardia culture	Once, Bronchial alveolar lavage, RML (right middle lobe), Post-op
<input type="checkbox"/> Legionella culture	Once, Bronchial alveolar lavage, RML (right middle lobe), Post-op
<input type="checkbox"/> Respiratory pathogen panel	Once, Bronchial alveolar lavage, RML (right middle lobe) Chlamydia, Post-op
<input type="checkbox"/> Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Cytology (non-gynecological) request - R/O CMV & PCP w/GMS	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Herpes simplex virus by PCR	Once Specimen Source: Bronchoalveolar Lavage RML (right middle lobe), Post-op
<input type="checkbox"/> Varicella zoster by PCR	Once Specimen Source: Bronchoalveolar Lavage RML (right middle lobe), Post-op
<input type="checkbox"/> BAL cell count and differential	Once Specimen Source: Post-op
<input type="checkbox"/> Cytomegalovirus by PCR	Once Specimen Source: Bronchoalveolar Lavage RML (right middle lobe), Post-op
<input type="checkbox"/> Aerobic culture	Once, Bronchial alveolar lavage, RML (right middle lobe), Post-op
<input type="checkbox"/> BAL T4T8	Once, Post-op

#### Labs - Lavage of RLL

<input type="checkbox"/> AFB culture	Once, Bronchial alveolar lavage, RLL (right lower lobe), Post-op
<input type="checkbox"/> Fungus culture	Once, Bronchial alveolar lavage, RLL (right lower lobe), Post-op
<input type="checkbox"/> Nocardia culture	Once, Bronchial alveolar lavage, RLL (right lower lobe), Post-op
<input type="checkbox"/> Legionella culture	Once, Bronchial alveolar lavage, RLL (right lower lobe), Post-op
<input type="checkbox"/> Respiratory pathogen panel	Once, Bronchial alveolar lavage, RLL (right lower lobe) Chlamydia, Post-op
<input type="checkbox"/> Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Cytology (non-gynecological) request - R/O CMV & PCP w/GMS	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Herpes simplex virus by PCR	Once Specimen Source: Bronchoalveolar Lavage RLL (right lower lobe), Post-op
<input type="checkbox"/> Varicella zoster by PCR	Once Specimen Source: Bronchoalveolar Lavage RLL (right lower lobe), Post-op
<input type="checkbox"/> BAL cell count and differential	Once Specimen Source: Post-op
<input type="checkbox"/> Cytomegalovirus by PCR	Once Specimen Source: Bronchoalveolar Lavage RLL (right lower lobe), Post-op
<input type="checkbox"/> Aerobic culture	Once, Bronchial alveolar lavage, RLL (right lower lobe), Post-op
<input type="checkbox"/> BAL T4T8	Once, Post-op

#### Labs - Lavage of LUL

<input type="checkbox"/> AFB culture	Once, Bronchial alveolar lavage, LUL (left upper lobe), Post-op
<input type="checkbox"/> Fungus culture	Once, Bronchial alveolar lavage, LUL (left upper lobe), Post-op
<input type="checkbox"/> Nocardia culture	Once, Bronchial alveolar lavage, LUL (left upper lobe), Post-op
<input type="checkbox"/> Legionella culture	Once, Bronchial alveolar lavage, LUL (left upper lobe), Post-op
<input type="checkbox"/> Respiratory pathogen panel	Once, Bronchial alveolar lavage, LUL (left upper lobe) Chlamydia, Post-op
<input type="checkbox"/> Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Cytology (non-gynecological) request - R/O CMV & PCP w/GMS	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Herpes simplex virus by PCR	Once Specimen Source: Bronchoalveolar Lavage LUL (left upper lobe), Post-op
<input type="checkbox"/> Varicella zoster by PCR	Once Specimen Source: Bronchoalveolar Lavage LUL (left upper lobe), Post-op
<input type="checkbox"/> BAL cell count and differential	Once Specimen Source: Post-op
<input type="checkbox"/> Cytomegalovirus by PCR	Once Specimen Source: Bronchoalveolar Lavage LUL (left upper lobe), Post-op
<input type="checkbox"/> Aerobic culture	Once, Bronchial alveolar lavage, LUL (left upper lobe), Post-op
<input type="checkbox"/> BAL T4T8	Once, Post-op

#### Labs - Lavage of LLL

<input type="checkbox"/> AFB culture	Once, Bronchial alveolar lavage, LLL (left lower lobe), Post-op
<input type="checkbox"/> Fungus culture	Once, Bronchial alveolar lavage, LLL (left lower lobe), Post-op
<input type="checkbox"/> Nocardia culture	Once, Bronchial alveolar lavage, LLL (left lower lobe), Post-op
<input type="checkbox"/> Legionella culture	Once, Bronchial alveolar lavage, LLL (left lower lobe), Post-op
<input type="checkbox"/> Respiratory pathogen panel	Once, Bronchial alveolar lavage, LLL (left lower lobe) Chlamydia, Post-op
<input type="checkbox"/> Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Cytology (non-gynecological) request - R/O CMV & PCP w/GMS	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Herpes simplex virus by PCR	Once Specimen Source: Bronchoalveolar Lavage LLL (left lower lobe), Post-op
<input type="checkbox"/> Varicella zoster by PCR	Once Specimen Source: Bronchoalveolar Lavage LLL (left lower lobe), Post-op
<input type="checkbox"/> BAL cell count and differential	Once Specimen Source: Post-op
<input type="checkbox"/> Cytomegalovirus by PCR	Once Specimen Source: Bronchoalveolar Lavage LLL (left lower lobe), Post-op
<input type="checkbox"/> Aerobic culture	Once, Bronchial alveolar lavage, LLL (left lower lobe), Post-op
<input type="checkbox"/> BAL T4T8	Once, Post-op

#### Labs - Lavage of Lingula

<input type="checkbox"/> AFB culture	Once, Sputum Lingula, Post-op
<input type="checkbox"/> Fungus culture	Once Lingula, Post-op
<input type="checkbox"/> Nocardia culture	Once Lingula, Post-op
<input type="checkbox"/> Legionella culture	Once Lingula, Post-op
<input type="checkbox"/> Respiratory pathogen panel	Once, Bronchial alveolar lavage, Lingula Chlamydia, Post-op
<input type="checkbox"/> Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Cytology (non-gynecological) request - R/O CMV & PCP w/GMS	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Herpes simplex virus by PCR	Once Specimen Source: Bronchoalveolar Lavage Lingula, Post-op
<input type="checkbox"/> Varicella zoster by PCR	Once Specimen Source: Bronchoalveolar Lavage Lingula, Post-op
<input type="checkbox"/> BAL cell count and differential	Once Specimen Source: Post-op
<input type="checkbox"/> Cytomegalovirus by PCR	Once Specimen Source: Bronchoalveolar Lavage Lingula, Post-op
<input type="checkbox"/> Aerobic culture	Once, Bronchial alveolar lavage, Lingula, Post-op
<input type="checkbox"/> BAL T4T8	Once, Post-op

#### Labs - Brushing of RUL

<input type="checkbox"/> AFB culture	Once, Bronchial brushing, RUL (right upper lobe) For AFB smear, Post-op
<input type="checkbox"/> AFB stain	Once, Bronchial brushing, RUL (right upper lobe), Post-op
<input type="checkbox"/> Fungus smear	Once, Bronchial brushing, RUL (right upper lobe), Post-op
<input type="checkbox"/> Fungus culture	Once, Bronchial brushing, RUL (right upper lobe), Post-op
<input type="checkbox"/> Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Gram stain only	Once, Bronchial brushing, RUL (right upper lobe), Post-op
<input type="checkbox"/> Respiratory culture	Once, Bronchial brushing, RUL (right upper lobe), Post-op

#### Labs - Brushing of RML

<input type="checkbox"/> AFB culture	Once, Bronchial brushing, RML (right middle lobe) For AFB smear, Post-op
<input type="checkbox"/> AFB stain	Once, Bronchial brushing, RML (right middle lobe), Post-op
<input type="checkbox"/> Fungus smear	Once, Bronchial brushing, RML (right middle lobe), Post-op
<input type="checkbox"/> Fungus culture	Once, Bronchial brushing, RML (right middle lobe), Post-op
<input type="checkbox"/> Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Gram stain only	Once, Bronchial brushing, RML (right middle lobe), Post-op
<input type="checkbox"/> Respiratory culture	Once, Bronchial brushing, RML (right middle lobe), Post-op

#### Labs - Brushing of RLL

<input type="checkbox"/> AFB culture	Once, Bronchial brushing, RLL (right lower lobe) For AFB smear, Post-op
<input type="checkbox"/> AFB stain	Once, Bronchial brushing, RLL (right lower lobe), Post-op
<input type="checkbox"/> Fungus smear	Once, Bronchial brushing, RLL (right lower lobe), Post-op

<input type="checkbox"/>	Fungus culture	Once, Bronchial brushing, RLL (right lower lobe), Post-op
<input type="checkbox"/>	Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/>	Gram stain only	Once, Bronchial brushing, RLL (right lower lobe), Post-op
<input type="checkbox"/>	Respiratory culture	Once, Bronchial brushing, RLL (right lower lobe), Post-op
<b>Labs - Brushing of LUL</b>		
<input type="checkbox"/>	AFB culture	Once, Bronchial brushing, LUL (left upper lobe) For AFB smear, Post-op
<input type="checkbox"/>	AFB stain	Once, Bronchial brushing, LUL (left upper lobe), Post-op
<input type="checkbox"/>	Fungus smear	Once, Bronchial brushing, LUL (left upper lobe), Post-op
<input type="checkbox"/>	Fungus culture	Once, Bronchial brushing, LUL (left upper lobe), Post-op
<input type="checkbox"/>	Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/>	Gram stain only	Once, Bronchial brushing, LUL (left upper lobe), Post-op
<input type="checkbox"/>	Respiratory culture	Once, Bronchial brushing, LUL (left upper lobe), Post-op
<b>Labs - Brushing of LLL</b>		
<input type="checkbox"/>	AFB culture	Once, Bronchial brushing, LLL (left lower lobe) For AFB smear, Post-op
<input type="checkbox"/>	AFB stain	Once, Bronchial brushing, LLL (left lower lobe), Post-op
<input type="checkbox"/>	Fungus smear	Once, Bronchial brushing, LLL (left lower lobe), Post-op
<input type="checkbox"/>	Fungus culture	Once, Bronchial brushing, LLL (left lower lobe), Post-op
<input type="checkbox"/>	Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/>	Gram stain only	Once, Bronchial brushing, LLL (left lower lobe), Post-op
<input type="checkbox"/>	Respiratory culture	Once, Bronchial brushing, LLL (left lower lobe), Post-op
<b>Labs - Brushing of Lingula</b>		
<input type="checkbox"/>	AFB culture	Once, Bronchial brushing For AFB smear; Lingula, Post-op
<input type="checkbox"/>	AFB stain	Once, Bronchial brushing Lingula, Post-op
<input type="checkbox"/>	Fungus smear	Once, Bronchial brushing Lingula, Post-op
<input type="checkbox"/>	Fungus culture	Once, Bronchial brushing Lingula, Post-op
<input type="checkbox"/>	Cytology (non-gynecological) request	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/>	Gram stain only	Once, Bronchial brushing, LUL (left upper lobe) Lingula, Post-op
<input type="checkbox"/>	Respiratory culture	Once, Bronchial brushing Lingula, Post-op

**Labs - Biopsy of RUL**

<input type="checkbox"/> Surgical pathology request	Collection Date: 7/29/2020 Collection Time: Surgical Specimen: Gestational Age: Specimen Site: Number of specimens: Malignancy: Irradiation: Specimen Status: Chemotherapy: Hormonal Therapy: Clinical History: Pre-Operative Diagnosis: Procedure Type: Post-op, Histology; RUL (right upper lobe)
<input type="checkbox"/> AFB culture	Once, Biopsy, RUL (right upper lobe), Post-op
<input type="checkbox"/> Fungus culture	Once, Biopsy, RUL (right upper lobe), Post-op
<input type="checkbox"/> Biopsy, Post-op	Once RUL (right upper lobe), Post-op
<input type="checkbox"/> Aerobic culture	Once, Biopsy, RUL (right upper lobe), Post-op
<input type="checkbox"/> Anaerobic culture	Once, Biopsy RUL (right upper lobe), Post-op

<input type="checkbox"/> Biopsy, Post-op	Once Lingula, Post-op
<input type="checkbox"/> Aerobic culture	Once, Biopsy, Lingula, Post-op
<input type="checkbox"/> Anaerobic culture	Once, Biopsy Lingula, Post-op

### Labs - Other

<input type="checkbox"/> Cytology (non-gynecological) request - Fine needle aspirate, non guided	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.
<input type="checkbox"/> Cytology (non-gynecological) request - Fine needle aspirate, guided	A paper requisition will print when this order is submitted. The printout must accompany the specimen to the lab.

## Cardiology

## Diagnostic Imaging

### Diagnostic X-ray

Chest 1 Vw Portable

Routine, 1 time imaging For 1 , Post-op

## Other Diagnostic Studies

## Respiratory

### Respiratory

Oxygen therapy

Routine, Continuous  
Device: Nasal Cannula  
Rate in liters per minute:  
Rate in tenths of a liter per minute:  
O2 %:  
Titrate to keep O2 Sat Above: 92%  
Indications for O2 therapy:  
wean to room air., Post-op

Bedside spirometry

Routine, Once  
With bronchodilators., Post-op

## Rehab

## Consults
